FREIGHT CHARGES MAY AFFECT COAL SHIPMENT TO THE LAKES

Operators Want Reduction, But Railroads Say There Must be Wage Reductions.

WESTERN OPERATORS FAVORED

The difference of 58 cents a ton in the increase in railroad freight rates for the transportation of coal to the Northwest from the mines of Western Pennsylvania, Ohio, West Virginia and Eastern Kentucky, and from the mines of Indiana and Southern Illinois, in favor of the latter two fields, it was stated on Friday at the headquarters of the Pittsburgh Coal Producers' Association is liable to not only delay the opening of local spring shipments to the lake ports, but to largely decrease this year's shipments there from the Pittsburgh district.

Operators in Western Pennsylvania, Eastern Ohio, and West Virginia, are therefore, making a strong appeal to the railroads which carry their coal to the lake ports to reduce the freight rates from Pittsburgh to the lake ports 30 cents a ton, and the roads carrying coal into the Northwest, 28 cents a ton, so that the operators in the field named will be able to compete with those of Indiana and Southern Illinois.

Since 1917 there has been a difference of 58 cents a ton in advance of railroad freights to the Northwest in favor of Indiana and Southern Illinois shippers, which has practically shut off competition between those fields and those of Western Pennsylvania, Eastern Ohio and West Virginia. The western roads have been reasonable in their increase in freight rates for the transportation of coal, believing it is good business to do so, while the roads carrying coal have shot up their rates 58 cents a ton on coal to that territory higher than charged by western roads.

The railroads of the Eastern coal fields affected have been firm in their stand not to reduce their freight rate on coal to the lakes until there is a proportionate reduction in railroad employes' wages, but the operators hope for concessions soon that will allow them to compete with western producers. If such concessions are made it is believed there will be a lively resumption in coal operations in the Pittsburgh district that will continue all summer, and if there is an industrial revival, all next winter.

It is true the late freeze nipped the fruit buds in a number of States, but it was the previously unseasonably warm weather that put the fruit buds in condition to be nipped. So it was untimely heat rather than unseasonable cold that did the damage.

Pittsburgh judge has decided to resign rather than wear a gown, which he regards as "undemocratic." When a judge is on the bench he is not called on to be a good mixer but to command respect.

No rough roads in New Grant Six.

GREEN STAMP RECEPTION DAY SUCCESSFUL

A large number of people visited the "S. & H." Green Stamp premium Redemption station in response to an invitation published in the Charleroi Mail Thursday.

The occasion was a "Reception Day" the people of Charleroi and vicinity where the little Green Stamps have enoyed popularity for the past twenty-five years. Judging from the enthusiastic expressions of approval the little Green Stamps have never enjoyed greater popularity.

Manager Laird has recently rearranged the store, adding new fixtures and a solid carload of new merchandise with which to redeem Green Stamps.

OPERA PINAFORE AT MONONGAHELA

That delightful Gilbert and Sullivan opera which gave pleasure to theatre-goers twenty years ago. "H. M. S. Pinafore," is to be presented at the Armory Hall, Monongahela, Thursday and Friday evenings of the coming week. The production will be given under the direction of Prof. I. T. Daniel, of Charleroi, who has the soloists and chorus under training for the past two months.

It will be strictly a local production, all of the leading parts being taken by well known vocalists of Monongahela, with a chorus of about forty voices from among the musically inclined of our neighboring city. The orchestra which will take care of the instrumental features will be largely from Charleroi, including the Messrs. Rossomme, Wheeler, Lange, Zeffero, and Miss Edith Jenkins as one of the violinists. The other violin player will be Prof. Weiss, with Mrs. M. Lenore Sutman at the piano.

The staging will also be a feature of the opera, and all other essential details will be looked after with scrupulous care.

The opera is being given under the auspices of "The Skulls" of Monongahela, an organization which has plays of a delightful character. A number from Charleroi are expecting to attend.

FOREST FIRES ARE VERY DESTRUCTIVE

District Forester V. M. Bearer of Ligonier, has sent to the Pennsylvania Department of Forestry the following statement of the forest fires that burned in the Forbes State Forest districts from 1916 to 1920.

More than 700 fires burned-over 80,839 acres. In Fayette county there were 36,331 acres swept by fire, in Somerset county 23,969 acres, and in Westmoreland county the acreage was 20,539.

Routine Business Disposed of at Regular Council Meeting

A meeting of borough council was held Friday evening, the regular meeting of Tuesday evening having been adjourned on account of the sudden death of the borough clerk, Ira L. Nickeson.

After council had assembled, J. M. Long was elected as borough clerk pro tem, and took charge of the books.

W. M. Darby, health officer, appeared before council with reference to the use of the borough teams and crew for next Thursday and Friday, clean-up days. The request was granted.

Janitor Davis appeared before council with reference to extra pay on account of taking care of the room now occupied by the Chamber of Commerce. The request was referred to the Real Estate committee.

Mr. Victor, who conducts an auto accessory store at Sixth and Fallowfield, asked permission to locate a gas tank on Sixth street, 20 feet above Long alley. Referred to proper committee.

The garbage contractor, Mr. Rodgers, appeared before council and made a complaint about people dumping refuse at the plant. As he has the exclusive privilege, the matter was referred to the Sanintary committee.

James Myers also appeared before council with reference to a sewer in front of his property at 810 Shady avenue.

H. L. Swickey, representing the Playgrounds committee of the Chamber of Commerce, asked council for assistance in planning and securing suitable grounds for the summer. His request was referred to the Real Estate committee.

Henry M. Lowstuter presented his commission as chief of the fire department, which was approved by council.

Mrs. George Might, Jr., appeared before council in behalf of an effort to have the streets sprinkled during the summer. The request was referred to the Street committee.

Dr. B. D. Hetrick asked permission to place a railing in front of his property on Lookout avenue. Request referred to Street committee.

Mr. Carson presented the budget ordinance, which was read third time and passed.

Permission was granted Macbeth-Evans company to construct roadway to reach the slack pile at the lower end of their property, in order to haul burned slate which the company wishes to use for making fills.

Mr. Meody reported the garbage plant in bad shape and the Sanitary committee was directed to make necessary repairs.

The president appointed members of the finance committee to confer with the Chamber of Commerce about completing the third floor of the borough building.

Report of Burgess Woodward showed collections for March of $6.00. R. H. Rush, borough treasurer, reported receipts of $1550.20, and disbursements of $1786.19; balance $6834.93. Council will meet again next Tuesday evening.

PLANNING CAMPAIGN FOR IRISH RELIEF

Last evening in St. Jerome's Lyceum a large meeting was held for the purpose of instituting a drive for funds to be used in alleviating the sufferings of the women and children in Ireland.

Conditions in Ireland have been investigated and found to be worse than in any other country which has received aid from America.

The drive will be officially launched at a meeting to be held in the Lyceum at 3 p. m. Sunday, April 10th, the public being urged to attend. As the drive is purely humanitarian it is hoped that the different churches will have representatives present.

Robert Fiori, after spending a couple of months in New Orleans, has returned to Charleroi.

It is estimated that 201, or more than 40 per cent of the fires the origin of which is definitely known, were caused by sparks from railroad engines. These fires burned-over an area of 11,546, acres, more than the total area of the entire Forbes State Forest. Two hundred and thirty fires are listed as of unknown origin.

Hunters are believed to have caused thirty-four fires, smokers 13, sawmills 12, fishermen 8, burning buildings 7, children 11, campers 4. One fire is attributed to the operation of an illicit still.

WEST PENN WILL EXPLAIN APPLIANCES

Housewives in Charleroi and other Monongehela Valley towns will be given an early opportunity to test the benefits of household electrical appliances through announcement by the West Penn Power company of an arrangement entered into by that company with the Westinghouse Electric & Manufacturing company, manufacturers of these devices.

Free demonstration will be made in the homes by trained experts prepared to explain the simple operation of the labor saving laundry iron, toaster stove, curling iron, percolator and other electrical appliances.

These representatives will be in Charleroi, Belle Vernon, Fayette City and Bentleyville next week. Monongahela City, Monessen, Donora, Elizabeth and all river communities served by the West Penn Power company also will be visited. Full details of this important announcement will be found on page three of today's Charleroi Mail.

Mr. Merchant: Let the people of Charleroi and vicinity know what you have to sell, and the advantages of dealing with you. Then there will be no need of knocking the mail order houses.

---

most entertaining features of the evening was the singing of songs, after which a very dainty repast was served by the hostess.

BANQUET DISCUSSED BY BOARD AT THURSDAY EVENING MEETING

MISS JOHNS PRESIDES AT ALUMNI BANQUET

Miss Myra A. Johns, a member of our local high school faculty, who is president of the Pittsburgh Alumnae of Ohio Wesleyan University, was toastmistress at the annual banquet of the organization held at the Seventh Avenue Hotel, Pittsburgh, Friday evening. The musical program of the evening was a special feature. Two groups of songs by a Pittsburgh composer, Louis Edgar Johns, now of New York, were sung by Miss Elsie Louise Stevenson, the dramatic soprano. These songs, the words by Miss Johns, a sister of the composer, evoked much interest particularly "The Judgment Day," "Ave Maria" and "Robin Redbreast."

TAKE EXAMS FOR FIRE BOSS PAPERS

Those who took the examination for Fire Boss before the local examining board, composed of C.P. Byrne, inspector; John Edwards, superintendent, and Michael Finlin, miner, on Friday, were:

Wm. Eley, Frank J. Miller, Leslie Smith, James Neil, August Vanden Bosches, Wm. Bunce, George Tennant, Henry Strauss, Robert Crawford, Joseph Evans, Wm. T. Edwards and Robert M. Cole of California.

Irwin L. Whetzell, J. C. Rettstatt, Chas. F. Murray, M. H. Courtley, Harry B. Davey, George W. Anderson, Edward Richards, John Montgomery, David Morgan, Isaac E. Davis of Vestaburg.

Gomer Griffiths, John W. Kelly, Millsboro.

J. E. Moros, Crucible; Alexander Fowler, M. Craffy, Clarksville; Clyde L. Bumer, Howard Gollick, J. W. Parkins, Roscoe; Henry Bauman, Rices Landing; Albert E. Warne, F. W. Reed, Earl Angerer, J. E. Reed, West Brownsville; J. P. Timlin, Stockdale.

J. W. Guley, Albert Fowler, John W. Twigg, Andrew Guley, J. E. McCreary, Mather; John T. Stewart, W. T. Bickerton, Charleroi; George V. Bates, Lester Murphy, D. Hartman, Coal Centre; Lucius Davis, Denbo; Thomas Charleton, Fredericktown; James Galbraith, Clarksville.

WOMEN PREPARED FOR CLEAN-UP CAMPAIGN

A very interesting meeting was held at the home of Mrs. W. B. Pfleghardt last evening, about twenty-five women of the Chamber of Commerce and twelve men being present, and Mrs. Pfleghardt proved herself to be an exceedingly entertaining hostess. Mr. Kinder sang three beautiful songs; Mr. Davidson gave a talk on welfare work; Mr. Darby, representing the Health department, gave some final instructions on Clean-up Week; Mrs. Stahlman outlined in detail the districts of the city with the captain of each precinct and the women who have charge of the sub-division in each precinct. One of the most entertaining features of the evening was the singing of songs, after which a very dainty repast was served by the hostess.

Menu Submitted was Approved and Date Fixed for April 19th

A CURB MARKET SUGGESTED

At the meeting of the Board of Directors of the Chamber of Commerce held Thursday evening, the ladies of the Methodist Episcopal church submitted three menus for the first annual banquet, and as a result the following menu will be served at the evening, April 19, at 6:30 o'clock:

Virginia Baked Ham, O'Brien Potatoes, Scalloped Corn, Bavarian Salad, Celery—Olives, Cheese, Brown and White Bread, Butter—Jelly, Apple Pie a la Mode, Coffee.

The Board of Directors are very anxious that those who wish to purchase tickets would make their reservations.

The Farmers' Committee at their meeting Thursday evening discussed the feasibility of a curb market. It was thought that this would bring the city and the country closer together to the mutual interests of both. This matter will be brought to the attention of the women, who undoubtedly will support it unanimously, and that since all the women's clubs and organiations of the city are being amalgamated, mass action could easily be secured. Also joint meetings will be held with the Merchants' committee and with council and later a final report to the Board of Directors will be made. Material is being gathered from all over the country in regard to the most effective and up-to-date curb markets. This committee would be glad to hear from the general public and to sense as far as possible the general interest in this subject.

The Clean-up Committee held a very important meeting last evening, and the following resolution was passed: Namely, the Boy Scouts of the city will clean up all vacant lots that need it in a most thorough manner. Since the Scouts will do this work, we believe the property owners should recognize this work by way of rewards with proper monetary contribution.

This money will help the Scouts' Vacation fund, and if same is not paid to the Scouts, the property owners will be compelled to pay by the health authorities. It was left to the Scoutmaster, Mr. Pollock, to divide the fifty Scout boys into groups by the precincts. Mr. Darby reported that he had three trucks in readiness and more to be arranged for. People will be asked to place their rubbish next the curb, and if they do not put it where the teamsters can get it next week, they will be forced to have it taken off later. Messrs. Darby, Pollock, Woodward, Brady, Davidson, Chas. Pollock and Osborne of the Men's committee were present. Mesdames Stahlman, Pfleghardt, Mogan and Wright were present of the Women's committee. Supt. Pollock re-

SOME WOODPILE.

The approaching special session of Congress will probably have a record for constructive legislation that has not been surpassed for a decade. Tariff revision along lines of demonstrated soundness that will not only provide adequate protection for American industry but also yield a revenue perhaps twice as great as the law now on the statute books; a new internal tax law that will wipe out the cumbersome and depressive taxes to which the people are now subjected, that will be distinguished by simplicity and the equality with which its rates are distributed; an immigration law patterned after the measure that the former President failed to approve; a budget law like the bill that a Democratic President vetoed; soldier relief legislation designed to give our returned veterans that tender care denied them by the host of bills of less importance, each drawn with the idea of contributing its share to the general welfare—that is the legislative program that the Republicans of the new Congress will attack with enthusiasm, assisted by the cordial cooperation of President Harding.

QUIETLY ACCOMPLISHED.

The State Department under the Harding administration has won another signal victory. The Federal Telegraph Company, an American concern, sought to install a wireless plant at Shanghai, China. Permit for the work was opposed by British influences, which insisted that the Marconi Company, a British organization, held a monopolistic contract in China. The Administration made igorous representations to China in behalf of the American company, and finally obtained an agreement with the Chinese Government under the terms of which the largest wireless station in the world will be in operation at Shanghai in about eighteen months under American direction. Direct service across the Pacific will be possible without the necessity of relay. It is also proposed to erect other stations at Pekin, Rarbin and Canton.

"SUFFER LITTLE CHILDREN."

Sixty thousand children romped on the White House lawns on Easter Monday, enjoying their annual sport of egg rolling, a custom peculiar to the National Capital. It was the first time since 1916 that the high iron g ates have been opened to welcome them. It is another evidence of the spirit of democracy that pervades the home of President Harding.

A man in Arkansas awoke the other day from a nap of three years' duration. No doubt one of the first things he wanted to learn was whether the Germans won in their great and threatening spring drive which began March 21, 1918.

952 Franklin Cars Shipped in February

Sales Keeping Up to High Level at Syracuse Factory.

Business for the month of February as reported by the Franklin Automobile company of Syracuse show that sales are keeping up to a high level. By February 15 the entire month's production had been sold, and to meet the overdemand the factory was called upon for 100 more cars than planned for. Shipments for the month totalled 952 cars, or within 35 cars of the best February in the company's history—this occurring last year. A new record would have been hung up this year but for the fact that February, 1921 had one less day than February, 1920.

Even with the Franklin factory working on a 40-car-per-day program, which is the present rate of production, it found itself unable to keep up with orders. During February the total number of orders received aggregated 1107, and even the 952-car output fell short of filling orders for February shipment by 155 cars. The manufacturing schedule for March calls for the production of 1031 cars.

TOO WEAK TO WORK

Lydia E. Pinkham's Vegetable Compound Restored Mrs. Quinly's Health. Now She Does Her Housework

Shelbyville, Mo.—"I was only able to do light housework because for months my periods were excessive. I had seen your medicine extensively advertised and thought I would give it a fair trial. I took about eight boxes of Lydia E. Pinkham's Vegetable Compound Tablets according to directions and I feel like a different woman. I have not taken any medicine during the past three months and I believe my ailment is cured. I am now able to do all my housework and attend to my poultry and garden. If you feel that my testimonial will benefit anyone you are welcome to use it in your advertisements."—Mrs. L. D. QUINLY, R. F. D. No. 2, Shelbyville, Mo.

Lydia E. Pinkham's Vegetable Compound makes women strong, healthy, and able to bear their burdens and overcome those ills to which they are subject.

Write about your health to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Women only open, read and answer such letters.

SCHOOL PUPILS ON CLEAN-UP CAMPAIGN

As noted in Friday's Mail the pupils in the local public schools during the week just closing have been giving a great deal of attention to the Clean-up Campaign which will be in full force and effect during the coming week. Quite a number of them have written essays on the subject, and The Mail this afternoon, through the courtesy of Prof. T. L. Pollock, superintendent of the schools, is able to present two contributions on this subject from pupils of the Second Street school, as well as an essay which treats of the grounds surrounding that building by one of the pupils.

These are thoughts from boys and girls, and are worthy of consideration by their elders. The contributions, in their order, are as follows:

Number One
By Edward Feeney, Grade Six, Room VIII, Second Street School
CLEANING UP CHARLEROI

Every year some towns set aside a certain time for cleaning up all dirty alleys and other unhealthful places.

The purpose of this is to make the town more beautiful and also more healthful. Some places in the town have so much rubbish lying around that it is very unsightly and unhealthful.

The borough should then employ men to sweep all the rubbish and dirt into piles to be carried to the garbage dump by wagons. Then our streets should be washed often to keep down the dust and so stop the spread of disease germs.

After this has been done garbage cans should be placed at every corner people will not have to throw papers and peelings on the streets.

Other places should also be cleaned up such as vacant lots, of which there are many in the town, covered with tin cans, rubbish, old shoes, paper and other unsightly things

People should always put their garbage in tightly closed cans, so that flies, insects and rats cannot get at it and so spread disease

The people should mend all broken down fences and walls and fix all sidewalks where they have been torn up. They should also remove all dirty shacks which are of no use. After this has been done Charleroi will be a cleaner, more beautiful and more healthful town.

Number Two.
By Donald Wright, Grade Six, Section Two, Second Street School
HOW TO CLEAN UP CHARLEROI

We should clean up Charleroi, because it will preserve the health of the people and beautify the town It would be hard for one or two people to try to clean up the town, but if the whole town starts to clean up it will be a very easy matter.

The way to do this is to plant trees, see that the garbage is always cleaned up, have rubbish cans placed at every street corner, have the dirty alleys cleaned up and in doing these things Charleroi will be made clean.

Do not think that you cannot help much, because you can. Sweep sidewalks, rake rubbish out of your back and front yards, cut the lawn, patch up broken fences, plant trees if you have the room, pull weeds out of the garden, and do other things that will not only clean but beautify your yard.

If we know any places that are filthy we should report them to the authorities. Then, after the authorities clean out these places it is up to them to keep these places clean by sweeping the streets and having them washed often.

If we can do all this we can surely make Charleroi clean. So, do your best: we need all the help we can get.

OUR SCHOOL GROUNDS.
By Elizabeth Rose, Room 7, Grade 5, Second Street School.

The appearance of our school ground at one time was the best. We had beautiful grass and beautiful trees. And we had a real nice fence. We used to have poplar trees, but their roots grew so rapidly that they had to be cut down.

The appearance now is poor; the grass is all worn down and there are large holes in the ground. The fence has rotted away.

To improve our school we must not tramp on the grass. We must not climb on the fence.

It can be improved by planting trees along the banks of the school yard. We would need about eight maple trees. We would need to have a gate to enclose the school yard. We ought to have four trees around the front and four in the back yard, facing Fallowfield.

After it has been improved we should not jump on the grass or climb on the fence, and not destroy the trees by climbing on them.

An Exceptional Opportunity for Women of Charleroi and Vicinity

By arrangement with the Westinghouse Electric & Manufacturing Company, the West Penn Power Company is able to promise to every woman in Charleroi and vicinity an opportunity to test the usefulness and economical advantages of electrical appliances in her own home.

One of the specially trained demonstrators who are experts in every use of the Westinghouse household appliances will call some time during the next few days on every woman whose home is wired for electricity.

These men will bring with them samples of the Westinghouse appliances which are in particular demand. They will be prepared to show how the laundry iron, toaster stove, curling iron, warming pad and other electrical devices actually save work because of their cleanliness and simplicity of operation. In addition Westinghouse appliances are known for their beauty as well as economy of operation.

You will place yourself under no obligation by allowing our representatives to demonstrate how these devices will really save you time and money.

Each demonstrator will be provided with proper credentials and will be authorized to accept any orders you may care to place with him.

Special terms of payment are being offered for this campaign only, which will place these remarkable labor saving devices within reach of any purse.

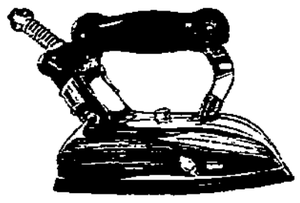
CHARLEROI, PA.

WESTINGHOUSE TYPE M IRON

Here is an iron which will do fine work better and flat work more quickly than any iron you have ever used. Every really worth while improvement which women's experience could suggest has been included in the design of this graceful and dependable iron.



WESTINGHOUSE CURLING IRON

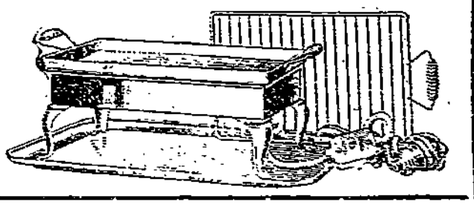
The woman's delight. No scorched fingers. No walking back and forward to heat the iron. All the heat right where it is wanted. Makes curling the hair a pleasure—not a dreaded task. Do not envy the woman who said: "If I had to give up all my electrical appliances save one, I would keep my curling iron." Have one yourself.

WESTINGHOUSE PERCULATOR

The Electric Percolator gives you electrically, which is the same thing as saying conveniently, quickly and dependably, the kind of coffee you go up a second time for. You will take pride in having a Westinghouse Perculator as part of your table service morning, noon and night.

WESTINGHOUSE TOASTER STOVE

The Westinghouse toaster stove is an all-around convenience. It broils or fries, boils or toasts, and does each thing well like the sturdy stove it looks. The wire rack and the aluminum pan are a combination that enables you to do every common kind of cooking right at the table without fuss or fumes.



PAIGE

The Most Beautiful Car in America

A Thoroughbred

Our New Series "Glenbrook 6-44" model is a true brother of the World's Champion Paige 6-66. It is a smaller and lighter car, but the sporting strains are identical. And what really counts is thoroughbred stock.

The "Glenbrook" looks the part—that you can see at a glance. And out in the open, where there are steep hills and real tests of spirit, it lives up to every tradition of a great name.

One ride behind the wheel will prove a thrilling revelation.

Let our dealer take you out today. Let him show you how it feels to accelerate from five to twenty-five miles per hour in nine seconds flat. Best of all, get behind the wheel yourself. Then, decide if life is really worth while without such a car.

"The Resurrection of the Dead Soon."

"Millions Now Living Who Will Never Die."

This startling statement is the subject of a lecture to be given in the STAR THEATRE, MONESSEN, Sunday at 3 P. M., by G. M. Wilson of Pittsburgh. Mr. Wilson has lectured quite extensively, on this as well as other biblical subjects. He will prove next Sunday that we are today living in a change of Dispensation and give scriptural evidenee that the "Resurrection of the Dead" will be witnessed by the present generation. The conditions that prevail upon the earth at this time are perplexing the minds of many people and many are wondering what the outcome will be. The Speaker will outline the remedy for the distressing conditions now prevalent and the real hope for humanity, as contained in the Word of God.

The lecture will be free to the public and everyone will be made welcome, regardless of faith or creed.
